Due to information that was just received from Manhattan enrollment will not be open until October 10th.

4-H online has changed to 4-H online 2.0. Please go to the areas listed below to make sure that you are enrolling in the right program. If you are having problems please give me a call and we will work through it. Be watching for information from your club leaders if more information becomes available. We do have a county sponsor this year and you will need a coupon code to put into the system. The code will come to you as soon as we receive it from the state office. Sorry for all of the confusion.

**TRACTOR SUPPLY**

Due to Covid Tractor Supply has asked for the clubs not to be in the store so that they may limit the number of people in the store at one time. With that being said they will still be selling the clovers for a $1.00 each. So encourage friends and family to visit the store and help out Reno County 4-H.

**State 4-H Dog Conference and Quiz Bowl**

The 2020 State 4-H Dog Conference and Quiz Bowl will be hosted as a virtual event on November 6, 7, and 8. The 4-H Dog Action Team is currently working to finalize plans for registration which will open soon. Registration will be free for the virtual event. Pre-registration will be requested to allow speakers to prepare and so we can get needed information to participants. During registration youth may choose to take part in a 4-H Dog Quiz which will be done on an individual basis instead of the traditional team quiz bowl. Participants in the event will have the opportunity to engage with experts on dog care and training through live presentations and question and answer sessions. Content will also be available in recorded form after the event.

After piloting a new 4-H Project Record Report Form with 10 units (comprising of 26 counties) the 4-H KAP Revision Taskforce is excited to announce the launch of a new project-based record keeping and award system for the 2020/2021 4-H program year. This means that for the new 4-H year beginning on October 1, 2020, Kansas 4-H members will no longer use the KAP forms.

The new system is designed to emphasize project learning and growth and resembles more of a record than an award application, while also developing career readiness skills. The Taskforce is working hard to collect data and feedback from pilot units who are in the midst of record book deadlines and evaluation. As you can imagine, their feedback is of high value as the task force makes their last refinements to the forms and evaluation rubric.

Couple of highlights:

- At the local level, 4-H members will submit a project record report form for each project. The report form includes project reflection and photos.
- There are 2 versions of the project record report form. An animal form and a general project form. There are also 3 age versions of each form, one form for juniors age 7-9, one form for intermediates 10-13, and one form for seniors 14-18.
- At the regional level, the top local senior 4-H member in each project area will submit their project record report form, as well as a cover letter and resume.
- At the state level, the top 2 senior 4-H members from the regional screening in each project area will submit their project record report form, cover letter & resume and video submission.
- We will be rolling out the new forms, an instructional guide, evaluation rubric and dates for trainings for KSRE staff, 4-H members, parents and leaders in the next few months.
