General Rules

1. All 4-H, FFA & Open Class exhibits must be entered and in place by 10:00 a.m. Thursday, unless otherwise stated in departmental rules.

2. All reference to 4-H/FFA member's age is age on January 1, of the current year.

3. All 4-H/FFA Entries including showmanship classes are due July 1 with stall penal requests included online. All 4-H/FFA exhibits will be pre-entered on fairentry.com under Reno County Fair.

4. 4-H/FFA exhibitors may exhibit only in classes for projects in which they are enrolled on May 1 of the current year. Exhibits must be the result of the exhibitor’s current 4-H/FFA projects and the product of the exhibitor’s own efforts.

5. The judge’s decision is final on all awards. The superintendent’s placing report will be the official record of the judge’s decision for premium payouts. The veterinarian’s decision will be final.

6. Appeal process: Any protest on rules will include the following: representation from Extension Agent, Superintendent and Extension Board and their decision is final.

7. All exhibits except meat animals listed for the sale will be released after the Awards Celebration, Monday. Exceptions can be made (i.e. in the event of extreme heat or sickness). No supervision will be provided for exhibits not removed by 6:00 p.m.

8. Exhibitors removing exhibits prior to stated checkout time forfeit all premiums and the privilege to participate in any fair activities (including 4-H/FFA Livestock Sale) after the time the exhibit was removed. Superintendent will report any early removal of exhibits to the 4-H Agent.

9. Exhibits will be placed into purple, blue, red and white ribbon groups. Champion and Reserve Champion, Grand Champion and Reserve Grand Champion may be awarded where indicated, if quality merits. No awards will be given which are not previously approved by County Fair Board. See special rules for each department.

10. Premiums will be awarded after the County Fair. Premiums are awarded for purple, blue, red, and white. Premiums will not be awarded in the Cloverbud divisions or for Grand Champion, Champion or Reserve Champions in classes.

11. Conference Judging: Formal conference judging will be used in as many departments as possible. Members will be advised just prior to the fair as to scheduling and other details. In other departments, 4-H/FFA members are encouraged to hear judge's comments.

12. If an exhibit does not qualify to show in an existing class, it may be exhibited in a class to be determined by the Superintendent and/or Extension Council and Fair Board. To establish a new class, there must be at least three (3) exhibitors.

13. 4-H/FFA exhibits at the Reno County Fair are entered and displayed at the risk of the exhibitor. The Reno County Fair Board accepts exhibits and will exercise due care to protect them. However, the Reno County Fair Board cannot accept responsibility for loss or damage due to the conditions imposed by large crowds, the arrangement of the buildings in which displays are housed and the number of exhibits. Exhibitors who have exhibits of great sentimental and/or monetary value should carefully consider whether such exhibits should be exposed to the hazards of the fair.

14. The Reno County Fair Board prohibits bikes, rollerblades, skateboards, hoverboards and dogs at the fair. Items will be taken and/or asked to be removed from the fairgrounds. If taken they then can be picked up Monday at 2:00 in the Pride of Kansas Building.

15. Any profanity and/or abuse of 4-H/FFA member or animal(s) will result in immediate removal of animal(s) and guilty parties from the fairgrounds.
16. Herdsmanship Awards (Beef, Dairy, Sheep, Swine, Goat, Bucket Calf Departments) - The Fair Board will provide a suitable award for members exhibiting from the club maintaining the best display in the department. Basis for the award will be cleanliness of alleys and stalls, arrangement of exhibit, appearance of animals, storage of feeds and supplies, and identification of exhibits. Awards will be presented at the Awards Celebration.

17. Showmanship - All exhibitors are encouraged to compete in showmanship class and pre-registration by July 1. Members must show own animal. The top two showmen in each age group will compete for Grand Champion and Reserve Grand Champion showman.

18. Assistance may be given by Reno County 4-H/FFA and immediate family members in grooming and in show preparation. 4-H/FFA members must be present and taking an active part in the process. This rule will be strictly enforced and any exhibitor violating it will have their animal in question eliminated from competition.

19. Superintendents in the livestock departments have the authority to break classes where they feel it will be most beneficial to all exhibitors and the show.

20. All livestock and dairy members are required to show their own stock unless they are ill or exhibiting two animals in the same class. Persons helping must be a Reno County 4-H/FFAer and approved by Extension Agent. If member is not able to be present for judging they must notify the 4-H Program Development Committee of the Extension Council beforehand in writing for permission.

21. Exhibitor must furnish bedding, feed and equipment, as needed, at the fair and they must remove all litter from their stall or pens at the close of the Fair and place in designated areas.

22. Exhibitors must house their animals in designated areas. Failure to do so will result in disqualification from the show. All cattle except bucket calf projects must be taken to tie outs by 10:00 PM and left overnight.

23. Household nominations for market livestock were due to the Reno County Extension Office by designated date for current year. Exhibitors must designate at check-in what animals they will be showing.

24. Only 4-H/FFA families exhibiting livestock will be allowed to stay overnight at the fairgrounds (cannot stay in barns and an adult will be required to be present) and will be subjected to following the Reno County Fair camping procedures and the Reno County Participants Code of Conduct.

25. Sale of Livestock -- A 4-H/FFA animal sold at a public auction or privately, whether for immediate or future delivery, cannot, from the time of such sale, be shown by the seller in any 4-H/FFA show. All sales are final. All market class animals sold at the Reno County Fair must have a Livestock Drug Withdrawal Form on file at the Reno County Extension Office. Any livestock exhibitor may sell only one market beef, one market lamb, one market hog or one market goat, if eligible by weight and placing. The sale will be non-terminal with slaughter options.

State Fair -- (See State Fair 4-H Entry Book) Exhibits awarded a purple "Superior Award" (animal, blue) rating are eligible to be exhibited provided the exhibit meets qualifications listed in State Fair 4-H Book list and 4-H member is 9 years old by January 1 (except where stated differently in State Fair 4-H premium book).

a. "No Class at State Fair" -- Exhibits in these classes are not eligible for State Fair. The exhibitor cannot substitute another exhibit or class.

b. Market animal or bird -- 4-H must receive a blue at the County Fair. A differ-
ent animal/bird than the one exhibited at the County Fair may be shown at the
State Fair, provided the quality is equal to the one exhibited at the county level
and it has been carried in the same project phase.
26. FFA members must check the Kansas State Fair book for entries that may be
exhibited
27. All livestock animals must be loaded and unloaded in the designated areas only.
28. No ATV’s or UTV’s will be allowed on the fair premise without prior approval of
the Fair Board. No one under the age of 21 will be allowed to operate ATV’s/
UTV’s on the fair premises.
29. No alcohol or controlled substances without a prescription will be allowed in or
around the exhibit areas.
30. Untamed animals deemed unsafe to people or other livestock may be asked to
be removed from the fairgrounds by Agents or Fairboard
31. No items will be sold or booths set up by individuals or business on the
fairgrounds without an approved and paid for vendor application. Vendor
fee is 150.00, applications available from a fairboard member

Livestock Sanitary Requirements

Beef, Dairy, Swine & Sheep
Health certificates will not be required. However, agents & superintendents reserve the
right to call for an inspection of an animal or animals by a veterinarian.

Beef - Beef determined by agents and superintendents to have lesions of ringworm,
warts or mange will not be permitted to show.

Sheep - Sheep must be free of any signs of sore mouth and club lamb fungus. Sheep
must have scrapies tags and will be inspected by a veterinarian before they are allowed
into the pens.

Horses - Current negative Coggins test & West Nile Virus Vaccination are mandatory.

Goats - Goats must be free of any signs of sore mouth and club lamb fungus. All goats
must have a scrapies premise tag and will be inspected by a veterinarian before they are
allowed into the pens.

MANURE PILES AND BLUE BINS. AT THE BACK OF THE LIVESTOCK
BUILDINGS ARE FOR ANIMAL WASTE ONLY. PLEASE DO NOT PUT ANY
TRASH IN THESE PILES OR BINS.
Reno County Fair Participant’s Code of Conduct

Your participation in 4-H/FFA activities carries the responsibility of representing Kansas 4-H/FFA to the public. You are expected to conduct yourself in a manner that reflects well on your club as well as yourself. Your contribution to the program is as important as what you receive from the program.

All Exhibitors:
1. At all times be courteous and display good manners. Language must be appropriate and respectful of others. No swearing. No back talking.
2. Participants will not use tobacco, alcohol, drugs (except those directed by doctor), fireworks or firearms. Participants will not remain in the immediate area when they are being used.
3. Shoplifting or theft of public or personal property will NOT be tolerated.
4. Physical abuse of any animal will NOT be tolerated.
5. Avoid any activities that would cause damage to exhibits, decorations, personal property, room furnishings, permanent facilities, etc.
6. Avoid any activity that would pose a safety issue or nuisance issue (such as inappropriate use of vehicles, climbing on top of buildings, entering facilities during off hours, etc.).
7. Kissing and other sexual displays of personal affection are not appropriate behavior.

Animal Exhibitors:
1. Animals must be clean and housed with clean bedding and fresh water.
2. All animals exhibitors are expected to do their share of herdsmanship duties every day of the fair. Primary care of animals, pens, and general barn area needs to be taken care of at all times during the fair. 4-H/FFA wants to make the best impression on the public, so animal and barn care needs to continue throughout each day.
3. Physical abuse of any animal will not be tolerated.
4. Exhibitors will not work with animals other than their own without permission.
5. Exhibitors are expected to furnish their own animal feed and equipment.
6. Equipment owned by a club or 4-H/FFA leaders needs to be returned to its designated place after each use.
7. Exhibitors will do their own work with minimal assistance from parents. 4-H/FFA leaders and older youth may assist younger members as necessary.

VIOLATORS MAY EXPECT:
1. To have the opportunity to explain their actions to the Reno County 4-H Youth Development Agent, Fair Superintendent, Reno County Fairboard member, and staff in charge.
2. Behavior that is disruptive may result in a disciplinary hearing conducted by but not limited to representatives of the Extension Council.
3. Violation may result in dismissal and the offender being sent home and/or possible forfeit of rewards.

Saturday 8 - 10am Cow/Calf Pair Arrival
Sunday Cow/Calf Pair Release - 1 hour after Beef Show

Cow/Calf Pair Class
Class C1251 ---- Any age cow with nursing calf will show as a pair and the calves are eligible to show as individuals. Breeds will show in a combined class unless entry numbers warrant a split. May or may not be broken to lead as they will be shown in pens. Will be placed by the judge.
Beef Bred & Owned

Class Explanation
This is a class where the 4H/FFA member owns the mother cow and the 4H/FFA member makes the management decision to have the cow bred through natural service or AI. After this cow has calved, this calf (owned by the 4H/FFA member) would be eligible to be shown in the 4H/FFA Bred & Owned class at the Reno County Fair.

General Rules
1. The 4H/FFA member has to own the mother cow and calf (proof of ownership requested).
2. This is a haltered class so the cattle will need to be broke to lead for show and will be shown in a show ring.
3. All beef breeds and crossbreds are eligible for this class.
4. Heifers, steers and bulls are eligible for this class.
5. Calves in the cow/calf pair class are eligible for this class.

Age Ranges:
Heifers -- Calves from the Cow/Calf Pair Class (spring calves) up to Sr. Yearling Heifer class (the maximum age in the beef breeding heifer class).

8. Exhibitors may enter a maximum of four (4) exhibits. No two (2) exhibits may be the same.
9. Molded pre-formed plugs are acceptable in classes K1802 and K1803 but not in classes K1800 and K1801.
10. Champion and Reserve Champion ribbons may be awarded in each unit. Grand and Reserve Grand Champion may be selected from Champions.

Classes
Class K1800 ---- 7-8 years old, Beginning
Class K1801 ---- 9-11 years old, Junior
Class K1802 ---- 12-14 years old, Intermediate
Class K1803 ---- 15 years and older, Senior

General Definitions for all Categories:  
The Kansas 4-H SpaceTech Rocketry program is designed to allow 4-H/FFA members to explore aerospace through rockets of various sizes. Kansas 4-H has adopted the National Association of Rocketry’s rules, regulations, and safety guidelines. General Definitions for the categories:  

1. As defined by the National Association of Rocketry (NAR), a scale model is “any model rocket that is a true scale model of an existing or historical guided missile, rocket vehicle, or space vehicle.” The intent of scale modeling is, according to the NAR, “to produce an accurate, flying replica of a real rocket vehicle that exhibits maximum craftsmanship in construction, finish, and flight performance.” (NAR “Pink Book” 50.1 4-1) 

2. For the purposes of Kansas 4-H/FFA SpaceTech a high powered rocket is defined as a rocket that meets any of the following criteria:  
   A. 2 inches or greater in diameter (not including fins) and taller than 3 feet (36 inches);  
   B. Weighs more than 3.3125 pounds (53 ounces or 1500 grams) at time of launch. Uses an ‘E’ engine or larger to launch (2D, 4C, 8B, etc.),  
   C. The total impulse of all engines used in the rocket is greater than 20.01 Newton -seconds of thrust,  
   D. Models powered by rocket motors not classified as model rocket motors per NFPA 1122, eg. 
      a. Average thrust in excess of 80.01 Newtons  
      b. Contains in excess of 2.2 ounces (62.5 grams) of propellant and are limited to only H and I motors  

3. For the purposes of Kansas 4-H/FFA SpaceTech NO rocket may be launched using engines totaling more than an ‘I’ impulse engine or 640 Newton-seconds of total thrust.  

4. NAR refers to the National Association of Rocketry and its governing board.  

5. All NAR documents, with the exception of the “pink book,” referenced herein can be found at http://www.nar.org.  

6. NAR rules for launching and construction of all rockets are assumed to be used by all 4-H/FFA SpaceTech exhibitors.  

7. Adult supervision is defined as being under the direct supervision of someone 18 years of age or older.  

8. High power certification is defined as having successfully completed a certification program for high-powered rocketry through the NAR and maintaining that certification. This applies to all membership levels in the NAR. Specifically the “Formal Participation Procedure” for the “Junior HPR Level 1 Participation Program” as outlined by NAR.
General Guidelines for all categories:
1. Each exhibitor may enter up to four rockets that have been constructed during the current year. To exhibit in this department, the rocket must have been flown. Support rods must not extend past the tip of the highest nose cone on the model. Support rods must remain in the upright position, do not angle. NO model may be submitted on a launch pad.
2. Engines and igniters are not permitted with the exhibit and constitute an immediate disqualification. Engines stuck in rockets will result in immediate disqualification. Engines may not be used for display stands even if hollowed out and constitute immediate disqualification. Rocket engines may not join multi-stage rockets together and will result in immediate disqualification. Multi-stage rockets can be displayed without having the stages connected.
3. The report that accompanies the rocket must be limited to the 4-H SpaceTech Rocket Exhibit Information Form which is glued to a 10” x 13” envelope.
4. Plans (or a photocopy) must be placed inside the envelope. This includes original design rockets. If a rocket has been modified structurally, notations need to be given indicating the changes made, either by notations on the Rocket Exhibit Information Form or by placing notes in the plans. One or more photographs of the rocket at the launch site are required. Photographs showing the rocket at the moment of ignition are preferred. Photographs must be mounted on one side of one 8 1/2” x 11” page. There are to be at least 1 page of photos and no more than 5 pages of photos.
5. For a rocket entered in the original design classes, describe in the summary how the rocket was tested for stability prior to flying.
6. Up to 4 additional pages can be added to the rocketry information pack detailing the test(s) performed to insure stability. 4-H/FFA youth are strongly encouraged to provide as much detail as possible.
7. The altitude achieved by the rocket is to be determined using a method other than estimation. Examples of accepted methods include altimeter, computer software, range finders, etc. If additional space is needed to show calculations of how the altitude was achieved one additional page may be added to the rocketry information packet.
8. Any safety violation noted by superintendent, judge, or staff will result in a participation ribbon at the judge’s discretion.

General Construction Guidelines for all categories:
1. Beginner kits with prefabricated fin assemblies are not acceptable, and will be given a participation ribbon.
2. Plastic snap together fins and prefabricated fin assemblies that do not require fin alignment are not acceptable, and will be given a participation ribbon.
   a. This rule does not apply to plastic fins that must be manually aligned and do not utilize a fin alignment mechanism, including, but not limited to fin alignment rings or spacing blocks.
   b. This rule does not apply to fiberglass, Kevlar, extruded foam, composite, or wood fins; especially when used for “through-the-wall” fin attachment techniques that are common in larger rockets.
   c. In addition, plastic parts for decorative and mechanical purposes (i.e. decorative nozzles and moving landing struts) are not considered fins and can consist of plastic. Decorative nozzles, etc. need to be securely fastened and not pose a safety hazard.
3. Rockets are to be properly assembled according to assembly instructions.
4. Angles of fins must fall within a plus or minus 2 degree variation using an approved fin alignment guide (such as DGD 031989). An official fin guide is available from www.kansas4-h.org
5. Exhibits must be uniformly painted, smoothly finished, and have decals applied smoothly. Fins should be rounded or streamlined. Fins and body tubes are to be
sealed to eliminate the appearance of body grooves and wood grain. Any seams on plastic parts are to be sanded smooth. The rocket is to be properly assembled. Fins and launch lugs are to be filleted to reduce drag and properly secure them to the model. The nose cone is to fit snugly but still allow for easy removal. Body tubes/airframes/engine mounts can be made from suitable materials, including, but not limited to: reinforced paper, cardboard, phenolic resin, specialized polymer resins, fiberglass, Kevlar, or other suitable structural materials.

6. Models may not be judged based on their paint scheme, (colors and placement on the rocket) with the exception of rockets that fit the definition of a “scale model.” These “scale models” may be judged based on the paint scheme. All other rockets may deviate from the suggested paint scheme, allowing the 4-H/FFA youth to display maximum creativity in the finishing of their rocket. Under no circumstances is the weight given to the paint scheme to be sufficient enough, by itself, to move the model from one ribbon placing to another.

7. Non-standard surfacing (such as textured paint) may be used if directed by the instructions. This includes scratch built rockets.

8. Scale Model Rockets are to be finished and completed with a majority (greater than 70%) of decals.

9. “Scale models” may be judged based on their paint scheme. The judge may deduct up to one ribbon placing for not following paint scheme.

Rocketry Guidelines:
1. Rockets classified as high powered may not be entered in this category.
2. Each rocket must be able to stand freely by itself or be supported by a solid base, not to exceed 4-1/4” thick and 8” square.
3. If the model rocket is greater than 4 feet tall it can be displayed without a base, or displayed parallel to the ground with up to 3 notched blocks not to exceed 4” in height width and depth.
4. All exhibitors must comply with the NAR Model Rocket Safety Code that is in effect as of October 1st of the current 4-H year. However in the event that there is a modification in this code the Space'Tech Action Team may review and implement the modified code.

Original Design Rocket Guidelines (ages 11 and up):
Purpose: To allow for youth to develop their own rockets (model and high powered) in a safe manner that displays maximum craftsmanship.
1. Original design rockets cannot be a modification of a pre-existing kit and must be of original design.
2. Original design rockets must be designed by the exhibitor(s).
3. Original design rockets must include detailed instructions, so that someone could construct the original designed rocket just like a kit purchased at a store. Instructions can be as many pages as needed to convey full and complete construction techniques.
4. Original design rocket instructions should not include copies of instructions in part or in whole from existing kits.
5. For a rocket entered in the original design classes, describe in the summary how the rocket was tested for stability prior to flying.
6. Up to 4 additional pages can be added to the rocketry information pack detailing the test(s) performed to insure stability. 4-H/FFA youth are strongly encouraged to provide as much detail as possible.

Alternative Skins (Ages 14 and Up)
Purpose: Alternative skins are an advanced construction technique that allows the builders of model rockets to display maximum design and creativity in their models. Alternative skins are thin coverings over a supporting skeleton that serve as the finish of a rocket as opposed to painting. Construction and Operating Rules and Guidelines:
1. The General exhibit rules for ALL categories apply.
2. Use of alternative skins used for model aircraft is permitted on rockets of original design provided adequate provisions are made to prevent the rocket from catching fire during all phases of flight.
3. When used in construction these alternative skins should not be used as primary structure for the rocket. The rocket should still be of sound design and construction to insure safety for personnel performing launch activities as well as others who are in the nearby vicinity.

Types of Covering:
1. Plastic shrink type coatings used for radio control model aircraft are permitted. These can be obtained from various manufacturers and hobby suppliers.
2. Other types of fabric coverings such as cloth types using coatings for stiffness are permitted as long as all of the rules set forth above are met.

Quality of Finish:
When the above finishes are used the following judging criteria will apply in addition to those for judging other rocketry divisions;
1. Seams and transition areas will be uniform and even when they are needed in the construction.
2. Gaps and holes are not permitted in the covering especially where the fins or other stabilizing devices meet the main body of the rocket.
3. Omission of these skins from the bottom of the rocket is permissible. Paints and other types of coatings currently used for rocketry may be substituted in these areas.
4. Alternative skins in this section may also be used in conjunction with paints on the rocket. However, care shall be taken to insure that edges of the alternative skins will not peel off in flight.

High Power Rocketry Guidelines:
Purpose: To allow for improved safety and judging of rockets that meet the requirements of 4-H/FFA high power rockets.
1. Exhibitors must be at least 14 years of age by January 1 of the current year.
2. The rules for ALL categories apply.
3. In addition to the information packet completed for all rockets, a high power information form is to be completed and placed inside of the information packet. This may be downloaded from http://www.Kansas4-H.org/.
4. The NAR High Power Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all exhibiting must comply with the NAR High Power Rocket Safety Code that is in effect as of October 1st of the current 4-H year. However in the event that there is a modification in this code the SpaceTech Action Team may review and implement the modified code.
5. All rockets in this division are to be launched under adult supervision by the 4-H/FFA member who constructed the rocket.
6. If a rocket is launched using an engine(s) that has 160.1 (‘H’ engine or equivalent amount of smaller engines) Newton’s-seconds or larger, adult supervision must be provided by an individual having at least a Level 1 high power certification. The 4-H/FFA member should also hold or be attempting to attain their Level 1 high power certification, and should include supporting documentation of such (a copy of Level 1 card is sufficient).
7. If according to Federal Aviation Regulations Part 101, a waiver is required to fly the rocket, a copy of that waiver is to be attached to the High Power Information Form. In the case where the launch was a public event a substitute to a copy of the waiver is the Range Safety Officers (RSO’s) contact information.
8. High Power Rockets may be displayed without a supporting stand. If a supporting stand is used, it is not to exceed 4-1/4” (four and one-quarter inch) thick and 8”
square. The exhibitor’s name, county or district, and age must be labeled on the base.

**Rocketry Educational Exhibits – Posters, Notebooks and Display Boards**

**Purpose:** To allow 4-H/FFA youth to explore rocketry and aerospace outside the bounds of traditional modeling.

1. The rules for ALL categories apply.
2. Exhibits may not consist of only a rocket, but must contain substantial supporting educational material in the form of posters, notebooks, or display boards, etc.
3. Displays should be creative and showcase something specific you have learned in the Rocketry project during the current 4-H year.
4. Follow copyright laws, citing all sources of information in a standard notation on the “4-H Educational Rocketry Exhibit Information Form.” Additional pages can be added inside the Information Packet and should be labeled “Citations.”
5. Educational displays are not to exceed a standard commercial 3’ x 4’ tri-fold display board. No card board table exhibits will be allowed. Care should be taken to use durable materials that will withstand fair conditions.
6. “Construction Kits” that are part of educational displays must be contained in cases (tackle boxes, sealable containers, etc.) that may not be larger than 1’ X 2’ X 2’ and must have a latch which securely keeps all components contained in the “Construction Kits”. Other components are to adhere to appropriate dimensions as stated elsewhere.
7. Rocketry Educational Project notebooks must be organized in a 3-ring binder.
8. Educational posters must be no larger than a 22” X 28” poster board.
9. Engines and igniters ARE NOT permitted with the exhibit and constitute an immediate disqualification. This is for safety reasons and includes both spent and live engines.
10. Exhibitor’s name, county or district, age, and year(s) in project must be tagged or labeled in a prominent location on the educational display, notebook, “Construction Kit,” and/or poster.
11. Exhibits should possess the following qualities (in no particular order):
   a. Central theme
   b. What you want others to learn
   c. Be designed and constructed in a manner befitting the exhibit
   d. Be something you are interested in
   e. Be related to model or high power rocketry
   f. And those characteristics described above.

**Classes**

**Beginning:** Exhibitor 7-8 years of age
Class K1820 ---- Rocket made from kit, (without pre-assembled fin units for state fair.)
   Include plans.
Class K1821 ---- Rocket designed by exhibitor; not merely a modification of an existing kit – include plans.
Class K1822 ---- Rocketry Educational Display
Class K1823 ---- Rocketry Education Notebook
Class K1824 ---- Rocketry Education Poster

**Junior:** Exhibitor 9-13 years of age
Class K1825 ---- Rocket made from kit -- include plans.
   *Class K1826 ---- Rocket designed by exhibitor; not merely a modification of an existing kit – include plans.
   *Class K1827 ---- Rocketry Educational Display
   *Class K1828 ---- Rocketry Education Notebook
*Class K1829 ---- Rocketry Education Poster

**Intermediate:** Exhibitor 12-14 years old
Class K1830 ---- Rocket made from kit -- include plans.
Class K1831 ---- Rocket designed by exhibitor; not merely a modification of an existing kit -- include plans.
*Class K1832 ---- Rocketry Educational Display
*Class K1833 ---- Rocketry Education Notebook
*Class K1834 ---- Rocketry Education Poster

**Senior:** Exhibitor 14 years and older
Class K1835 ---- Rocket made from kit -- include plans.
Class K1836 ---- Rocket designed by exhibitor; not merely a modification of an existing kit -- include plans.
*Class K1837 ---- Rocketry Educational Display
*Class K1838 ---- Rocketry Educational Notebook
*Class K1839 ---- Rocketry Educational Poster

**Alternative Skins:** Exhibitor must be 14 years or older
Class K1840 ---- Rocket designed by exhibitor that uses alternative skins; not merely a modification of an existing kit. Include original plans.

**High Power Rockets:** Exhibitor must be 14 years or older
Class K1841 ---- Rocket made from kit or original design-- include plans.

**Team:** Designed to encourage teamwork among individuals and clubs of any age (for state fair it is 11 years and older) to work on a rocket from the initial design to the finished product.
Class K1842 ---- Rocket designed by 2 or more exhibitors, not merely a modification of an existing kit -- include plans.
Value is placed on youth that can model the learning process, or show how their skills have increased while completing the project.
* Does not have at state fair.

Check in by 10:00am Thursday

Judging Time: Thursday following the judging of Aerospace

1. Each exhibitor may enter one robot per class. Exhibit must have been constructed/completed during the current 4-H year.
2. Each robot must be free-standing, without the need for additional supports in order to be moved or exhibited.
3. Robot dimensions should not exceed 2 feet high, by 2 feet wide, by 2 feet deep. Weight may not exceed 15 pounds.
4. All electrical components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
5. Robots must be powered by an electrical, battery, water, or solar source. Robots powered by fossil fuels/flammable liquids will receive a participation ribbon. All robots must include an on/off switch for operation. No remote control devices will be allowed.
6. Each robot must be in operable working condition. The judges will operate each robot to evaluate its workmanship and its ability to complete the task determined by the exhibitor.
7. Each exhibitor is required to complete the “4-H SpaceTech Robotics Exhibit Information Form.” This form must be attached to the outside of a 10” x 13” envelope.
8. The exhibit must include written instructions for operation, construction plans, one page of photographs, and robot programming information, if applicable. This information should be placed inside the 10” x 13” envelope mentioned above. Robots that include weaponry of any kind will be disqualified.
9. Exhibitor’s name and county or district must be tagged or labeled in a prominent location on the robot, educational display, notebook and/or poster board.
10. Creativity, workmanship, and functionality will be strong criteria in judging the “Robot Designed by Exhibitor” classes.
11. Educational displays are not to exceed a standard commercial 3’ X 4’ tri-fold display board and no more than 3’ x 3’ of table space. No cardboard table exhibits will be allowed.
12. Team project notebooks must be organized in a 3-ring binder and should highlight information/roles of each team member, drawings, charts, photographs, goals, and objectives of your robotics project, and all robotic competitions your team has competed in during the current 4-H year.

Classes
Beginning: Exhibitor 7-8 years old
Class K1870 ---- Robot made from a commercial (purchased) kit.
Class K1871 ---- Programmable robot made from a commercial (purchased) kit.
Class K1872 ---- Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
Class K1873 ---- Robotics Educational Display
Class K1874 ---- Robotics Educational Notebook
Class K1875 ---- Robotics Educational Poster

Junior: Exhibitor 9-11 years old
Class K1876 ---- Robot made from a commercial (purchased) kit.
Class K1877 ---- Programmable robot made from a commercial (purchased) kit.
Class K1878 ---- Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
Class K1879 ---- Robotics Educational Display
Class K1880 ---- Robotics Educational Notebook
Class K1881 ---- Robotics Educational Poster

**Intermediate**: Exhibitor 12-14 years old
Class K1882 ---- Robot made from a commercial (purchased) kit.
Class K1883 ---- Programmable robot made from a commercial (purchased) kit.
Class K1884 ---- Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
Class K1885 ---- Robotics Educational Display
Class K1886 ---- Robotics Educational Notebook
Class K1887 ---- Robotics Educational Poster

**Senior**: Exhibitor 15 years and older
Class K1888---- Robot made from a commercial (purchased) kit.
Class K1889 ---- Programmable robot made from a commercial (purchased) kit.
Class K1890---- Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
Class K1891 ---- Robotics Educational Display
Class K1892 ---- Robotics Educational Notebook
Class K1893 ---- Robotics Educational Poster

**Team**: Designed to encourage teamwork among individuals and clubs of any age to work on a robot from the initial design to the finished product.

Class K1894 ---- Robot designed by 2 or more exhibitors, not merely a modification of an existing plan or kit. Exhibitors in this class will be assigned a task for their robots to perform. The tasks are changed annually. The robot may be a programmable type that is made from a commercial (purchased) kit.

Class K1895 ---- Team Robotics Educational Display
Class K1896 ---- Team Robotics Education Notebook
Class K1897 ---- Team Robotics Educational Poster

Check-In by 10:00am, Thursday

Entomology
Judging Time: 9:00 a.m. to 11:00 a.m., Thursday

Note: We are transitioning from the taxonomy as listed in the “Insects in Kansas” book to the taxonomy listed on the “Insects in Kansas Book: 2016 Revised Taxonomy” which follows www.bugguide.net
Resources for exhibiting can be found on the State Kansas 4-H Website: http://www.kansas4-h.org/projects/agriculture-and-natural-resources/entomology.html.

1. Read General Rules.
2. A 4-H/FFA members may choose to exhibit in the Collection or Educational class for each phase, or both.
3. All entries should be submitted in an 18 x 24 x 3.5 inch wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size.
4. During the transition, Orders & Family names should follow the taxonomy either
   a) As printed in "Insects in Kansas" book or
   b) As printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net
Project members are encouraged to progress towards option b by 2019 or as revised “Insects in Kansas” book is available.
5. Each exhibitor is required to identify each box with two identification labels bearing Exhibitor’s name, county or district, the collection class 4-H/FFA youth are enrolled in and statement of taxonomy used:
   a)”Insects in Kansas” book or
   b) “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net
   One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.
6. The number of orders, specimens (and families where required) must be included on both of the exhibitor’s box identification labels. Only adult insect per species can be used in collection boxes; and notebook classes, unless labeled as male or female and correctly identified.
7. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Arrangements that run lengthwise of the box are frequently downgraded in judging. Specimens are to be arranged by Order in the box, then Family where required. The sequence arrangement of the Orders in the box will be left up to the member. It is suggested to put the Lepidoptera and Coleoptera in the center of the collection (for Intermediate and Advanced Classes to put these two orders in a box). Then work the other orders around them.
8. For each collection class, two labels will be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation on the second label are encouraged for 2016 and will be required by 2019. Collector’s name on the date/locality label is optional.
9. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled
accordingly. Other specimens from the United States may be included as long as they are properly labeled and placed in a separate section of the box labeled “Out of State Insects”. These specimens will not be included in the count for judging/scoring. Emphasis in judging will be placed on the overall variety of insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens, and overall arrangement and appearance of the collection.

10. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.

11. Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

12. Refer to publication “Entomology Collection Notebook Guidelines” on the Kansas 4-H Entomology web page for more detailed rules for exhibiting.

**Educational Display Classes**

1. All entries should be submitted in an 18 x 24 x 3.5 inch wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size. Arrange display in the box so the box can be displayed lengthwise.

2. Each exhibitor is required to identify each box by placing two identification labels bearing exhibitor’s name, county or district and the class in the box. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Information on numbers and kinds of insects is not needed for educational exhibits.

3. Displays may consist of specialized groups of insects or their close relatives, or relate to any aspect of their behavior, biology or ecology.

4. Displays should be presented in a clear, concise, and interesting manner.

5. Displays should include only work performed during the current year.

6. Title of the exhibit should be indicated inside the box.

7. The purpose of the project is to learn more about the importance, life cycles, biology, ecology, diversity, etc. of insects and related arthropods. Subject matter can be as varied as the animals themselves.

8. Creativity is encouraged!

**Classes**

**Introductory** Entomology (Maximum 2 years in this phase)

Class L2000 ---- Insect collection of at least 6 orders, including 15 to 30 species to be shown grouped according to order. Insect names are not necessary on individual specimens but date/locality labels are required. (Exhibit in a neat and orderly manner, need not be in display box.). This class is not eligible for the Kansas State Fair.

Class L2001 ---- Introductory Entomology Collection Notebook: Display in one 3-ring notebook a collection of photos with a minimum of 10 and a maximum of 30 insect species representing at least six different orders. Species pages should be grouped according to order. (Notebooks should contain 15 to 60 photos). 4-H/FFA youth in their second year of this division need to list on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place this paper just behind the Title Page in the front of your notebook. A 4-H/FFA youth may exhibit in this class for a maximum of two years.

**Beginning** Entomology (Maximum 3 years in this phase)

Class L2002 ---- Collection -- Display in one standard box a minimum of 50 and a maximum of 125 species representing at least 7 orders. Specimens should be
grouped according to order. Order labels should be pinned to the base of the box.

Class L2004 ---- Educational Display
Class L2005 ---- Beginning Entomology Collection Notebook: Display in one 3-ring notebook a collection of photos with a minimum of 30 and a maximum of 60 insect species representing at least seven different orders. Species pages should be grouped according to order. (Notebooks should contain 50 to 120 photos). In a separate section 4-H/FFA youth should include pictures of different life stages or a series of specialized body parts (such as legs or antennae) for at least one order of insects. 4-H/FFA youth may also include photos of damage or habitat in this section. A divider should be put in front of this section. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place the paper just behind the Title Page in the front of your notebook. A 4-H/FFA youth may exhibit in this class for a maximum of three years.

Intermediate Entomology (Maximum 3 years in this phase)
Class L2006 ---- Collection--Display a minimum of 100 and a maximum of 300 species representing at least 10 orders. Two standard boxes can be used. All species should be grouped in order. Follow the general guidelines listed for Collections. In addition, family identification is required for all insects in any two of the following six orders: (Only two will be counted for judging)
   a) "Insects in Kansas" book - Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera or
   b) “Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net -Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera

Class L2007 ---- Educational Display
Class L2008 ---- Intermediate Entomology Collection Notebook: Display in one 3-ring notebook a collection of photos with a minimum of 60 and a maximum of 100 insect species representing at least nine orders. Species pages should be grouped according to order. Pictures in any two of the following six orders should be identified to family: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and/or Hymenoptera. (Notebooks should contain 100 to 200 photos). In a separate section 4-H/FFA youth should include pictures of different life stages or a series of specialized body parts (such as legs or antennae, specialized mouth parts, or identifying features) for at least two orders of insects. 4-H/FFA youth may also include photos of damage or habitat in this section. A divider should be put in front of this section. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place the paper just behind the Title Page in the front of your notebook. A 4-H/FFA youth may exhibit in this class for a maximum of three years.

Advanced Entomology
Class L2009 ---- Collection--Display a minimum of 150 and a maximum of 450 species representing at least 12 orders and 30 families. Three standard boxes can be used. Group specimens according to order and family. Family identification is required for all insects belonging to the six basic orders as outlined under the intermediate phase. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. On a piece of paper list what you did to improve your collection during the current year. Examples: what insects did you add or replace; what orders and/or families you added; what leadership you provided in this project; and/or what insects you have studied. Attach paper to the
back of one of the display boxes. Members may continue to exhibit in this class for an unrestricted number of years as long as they remain eligible for 4-H/FFA membership. List what you did this year to improve your project. Attach this list to top third of entry card.

Class L2010 ---- Educational Display

Class L2011 ---- Advanced Entomology Collection Notebook: Display in one 3-ring notebook a collection of photos with a minimum of 100 and a maximum of 200 insect species representing at least twelve orders. Species pages should be grouped according to order. In addition, family identification is required for all insects in the following six orders: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and Hymenoptera. Family identification in the remaining orders is optional, but desirable as long as accuracy is maintained. (Notebooks should contain at least 150 photos). In a separate section 4-H/FFA youth should include pictures of different life stages or a series of specialized body parts (such as legs, antennae, specialized mouth parts or identifying features) for at least two orders of insects. 4-H/FFA youth may also include photos of damage or habitat in this section. A divider should be put in front of this section. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place the paper just behind the Title Page in the front of your notebook. Members may continue to exhibit in this class for an unrestricted number of years as long as they remain eligible for 4-H/FFA membership.
Division L
Geology

Geology Superintendent - Suzanne Miller
Judging Time: 9:00 a.m. - 11:00 a.m. Thursday

1. Read General Rules.
2. The exhibit box should be 18” X 24” X 3 1/2”. All specimens are to be arranged across the narrow 18” dimension of the exhibit box. If a box has a sliding cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used.
3. Each exhibitor is required to identify each display by placing an identification label bearing name, county, and number of specimens in the upper left hand corner of the plexiglass cover (Inside - use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right hand corner of the box (outside). The inside label is to also indicate if this exhibit is beginning or intermediate class. (Glass covered boxes WILL NOT be accepted).
4. Specimens should be labeled with the number of the specimen, date collected, specimen name or description, locality (county only) where collected, and collectors name.
5. Specimens should be mounted in the box by the proper groups -- rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (i.e. Fort Hays limestone, not just limestone; exact species must have different formation names listed on the I.D. card; Composite Brachiopod from Morrill Limestone not just Brachiopod or Composite Brachiopod)
6. Specimens must be collected from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa Co, OK; Newton and Jasper Co, MO. Out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
7. Grand & Reserve Grand Champion exhibits may be selected, if quality merits.

Classes
Class L2020 ---- First year members only. (Exhibited in a neat and orderly manner; need not be in a standard display box.) Display of at least 15 different rocks, minerals or fossils, collected during current 4-H year.
Class L2021 ---- Exhibit one display box, required size. Display at least 30 different rocks, minerals, & fossils (at least 5 in each group - 15 from current year)
Class L2022 ---- Exhibit is limited to two display boxes, required size. Display at least 45 different rocks, minerals, and fossils (at least 5 of each). Exhibit must include at least 15 specimens of current year’s work. More than one specimen of the same kind of rock may be displayed provided the specimens represent different geological formations. For example, Ft. Riley limestone and Ft. Hays limestone. List as igneous, metamorphic or sedimentary.
Class L2023 ---- Exhibit is limited to two display boxes, required size. Display at least 60 rocks, minerals, or fossils, at least 5 of each. Exhibit must include at least 15 specimens from current year’s work. More than one specimen of the same kind of rock or mineral may be displayed, provided the specimens represent different geological formations. List as igneous, metamorphic or sedimentary.
Class L2024 ---- Special exhibit relating geology to everyday living; or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Digital
formats are accepted. Please make arrangements for the judge to view your exhibit and have a hard copy for display. Care should be taken to use durable materials that will withstand fair conditions. Exhibit limited to 4 feet of table space or to be not more than two exhibit boxes. Accuracy of Information 10 points

Class L2025 ---- Mineralogy. Display a minimum of 15 mineral specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year. The minerals are to be grouped by mineral class (ie: Carbonates, Oxides, Silicates) and at least 3 classes must be represented. The member must use one standard display box. The specimens must be labeled with the number of the specimen, date collected, name of specimen, county where collected and chemical composition (ie: CaCO3 for calcite) if known

Bee Benoit
Check-In by 10:00 a.m., Thursday
Judging Time: 8:00 a.m., Thursday.
Judging Location: Sunflower South Building

1. Read General Rules. “Food Safety Recommendations for Acceptable Fair Exhibits” (4-H 712 Jan. 2000) will be used as a source for all requirements. This bulletin is available at the Extension Office. Failure to follow general rules and or division rules will cause exhibit to be dropped one ribbon placing.

2. Classes open to 4-H/FFA members enrolled in Foods and Nutrition. 4-H/FFA youth must enter in the class level in which they are enrolled.

3. No alcohol should be included as an ingredient in food entries. Entries with alcohol in the recipe will be disqualified and not be judged.

4. Each 4-H/FFA member may enter a maximum of four (4) food entries, one (1) educational exhibit, and one (1) food gift package in this division. An exhibitor must use a different recipe for each entry. Exhibitors qualifying for the State Fair may enter one (1) nonperishable food product and/or one (1) educational exhibit at that event.

5. All exhibits will be conference judged. Exhibitors unable to participate in judging should ask their leader to accompany their exhibit and listen to comments on their behalf. Scheduling information and entry details will be sent from the County Extension Office in July.

6. Any baked product that can be removed from the pan should be placed on paper plates or cardboard: otherwise, exhibit in a disposable container. Containers will not be returned to exhibitor.

7. Exhibits should be in clear plastic food grade bags, disposable plastic containers, or boxes. Confectionary/bakery boxes may be purchased in the bakery departments of grocery stores or party supply stores. Containers will not be returned.

8. All exhibits must be labeled. Paste labels on the bottom of the plate/container. You can make your own with the following information: name of product (ex. Banana Bread), class number, name of exhibitor, club and address. Attach entry card to exhibit.

9. For food safety purposes, food with custard and cream cheese type fillings and frostings, ganache items, flavored oils, “canned” bread or bread or cake in a jar, bacon, meat products or any other food requiring refrigeration will not be judged. Refer to K-State Research and Extension publication, 4-H 712, Food Safety Recommendations for Acceptable Fair Exhibits, for information to help you make informed, safe food exhibits. Fruit and pecan/nut pies are acceptable.

10. All exhibits must be baked or cooked, and loaves must be whole and uncut. Cookies and rolls must be the same shape and the same recipe. Entire product must be entered and uncut. Exhibit 3 cookies, 3 muffins, 3 bread sticks, etc.

11. All unfrosted cakes should be exhibited in an upright position with crust showing, except those cakes made with special designs such as bundt cakes. They should have top crust side down.

12. Recipes are required for all food product exhibits. Recipes need to be on a typed full sheet of paper (8 x11) with name, club, item and recipe it should be cookbook ready. You may add art work to the paper to make it special. Exhibits without recipes will not be eligible for purple award/hold back. Recipes will not be returned.

13. Exhibits may be made from a recipe or a commercial mix.

14. Foods exhibits will be judged in age levels. A champion and a reserve champion will be selected in each level. A Grand Champion and Reserve Grand Champion will be selected from these champions and reserve champions.

15. Overall Grand Champion, Reserve Grand Champion and Champion and Reserve Champion in each class of foods will be auctioned on Friday evening at the Ranch Rodeo. The 4-
H/FFA member will receive 100% of the proceeds. 4-H/FFA members selling their food are expected to bake a fresh product for their buyer.

16. Educational classes: Exhibits may be in the form of a poster, notebook or display. Follow copyright laws as explained in the General rules. If a poster, it must not be larger than 22"x28". If a display, maximum size is a 3’x4’ tri-fold display board. No card table displays are allowed. NOTE: A collection of your favorite recipes in a box does not constitute an educational exhibit.

17. A food gift package must contain at least 3 different food items (prepared for human consumption) prepared by the 4-H/FFA youth in a suitable container no larger than 18"x18"x18". Prepared food items must have recipes attached with the entry card. Additional homemade food items (recipe required) beyond the 3 minimum or additional purchased items (ie mugs, toys, table linens) may also be included. On a recipe card attached to the exhibit, answer the following questions:
   a) What is the intended use? b) What food safety precautions were taken during and after preparation? Food gift packages will not be sold.

18. A decorated food item must be a food item, not a decorated box.

The following is a list of examples. All entries must be non-perishable foods which meet the entry requirements.

Dry nutritious snack: ½ cup in plastic bag
3 cookies: same kind and shape, made from one recipe (drop, bar, refrig., molded, rolled, international, no bake)

A quick bread: (no yeast), any kind; example: 3 biscuits, 3 muffins, 1 loaf quick bread, or 1 coffee cake (no yeast)

One cake: frosted or unfrosted, layer, 9x13 sheet, bundt, tube, or loaf. (Level 1 only - 3 cupcakes)

3 yeast rolls: same kind and shape, made from one recipe (dinner, crescent, international)

One yeast bread: loaf or ring (any variety such as white, whole wheat, international or ethnic)

Artisan or Specialty Bread: (Yeast or Quick) 3 items from batch recipes or 1 item of a single recipe (3 breadsticks, English muffins, bagels, crackers, tortillas, pita bread or 1 coffee cake, braid, or artisan loaf) made from specialty or all purpose flour.

Decorated Cake: judged on decoration, taste and texture of cake. A decorated food item must be a food item, not a decorated box. (Not eligible for State Fair entry.)

Decorated Cupcake: 3 cupcakes—judged on decoration, taste and texture of cake. A decorated food item must be a food item, not a decorated box. (Not eligible for State Fair entry.)

Food Gift Package: at least 3 different items in a suitable container (must be non-perishable foods). Exhibit amount suitable for judging and exhibiting. May be enrolled in Foods Level I, II, III, or IV. Judged 75% food, 25% decoration.

Educational Exhibit: poster, notebook, display, or placemat table setting with menu card based on a specific theme (re: 4th of July). Poster, max. size, 22” x 28”; Display max. size, 3’x4’ tri-fold.. Exhibits should relate to things done by the member in the project (judged 60% nutritional information, 40% appearance). Place setting display max. size, 20” x 20” x 12”.

Check-In by 10:00 a.m., Thursday
Judging Time: 9:00 a.m., Thursday
Horticulture Judging Contest, 11:00 a.m.-1:00 p.m., Friday

1. Read General Rules.
2. 4-H/FFA members may enter a maximum of eight (8) entries in this department. More than one (1) entry per class is allowed with each entry a different fruit, vegetable, flower or herb. Only one (1) entry per Garden Display (class U2800) will be allowed. All materials must be grown or collected by 4-H/FFA member rather than purchased, unless otherwise noted.
3. Fruit & vegetable entries must be displayed on Styrofoam or heavy paper plates. (Classes U2805-U2807)
4. Refer to the publications Exhibiting Fruits and Vegetables, C-405 and Preparing Cut Flowers for Exhibit, 4H-826 (available at Extension Office) as guide in preparing exhibits. Quality and condition of exhibit will be considered. Choose vegetables/fruit/flowers for exhibit that will hold up well during the fair. Avoid over-ripe or over-mature specimens. Those that are slightly under-ripe or slightly immature when picked may last longer.
5. Produce exhibits may be sold at the food sale.
6. A Champion and Reserve Champion may be selected from the vegetable/fruit and floriculture exhibits. A Grand Champion and Reserve Grand Champion may be selected from the champions, if quality merits.

Class U2826 ---- Alfalfa Seed. Exhibit to consist of one gallon sample. Variety named.
Class U2827 ---- Alfalfa. Exhibit to consist of one standard bale of hay.
Class U2828 ---- Miscellaneous Crops Exhibit
Class U2829 ---- Cotton. Provide 10 open bolls, not plants in breathable bag.
Forestry
Judging Time: 9:00 a.m. Thursday

1. Read General Rules.
2. All leaf exhibits are to be mounted on 8 1/2” x 11” heavy stock paper and placed in loose-leaf binders. Name, club, age, and year in project should be on front cover or in a prominent location. (Magnetic or adhesive filler sheets for photographic prints are recommended.) Twigs and fruit collections may be exhibited in whatever manner you choose (maximum exhibit size 3’ x 4’). For ideas on mounting, see the Forestry Project booklet (4-H 279)
3. Leaves should be identified with an appropriate label located near the leaf on the same page. These labels should include (1) the proper common name as listed in the 4-H Bulletin 334, “List of Native Kansas Forest Trees;” (2) location (city and/or county) where collected; and (3) date (day, month, year) collected. Exhibit one complete leaf where possible. Where leaf is too large, exhibit as much of terminal portions as possible. Sketch in reduced scale the entire leaf and illustrate where the exhibited portion comes from.
4. Divide specimens into the following two sections: native Kansas Trees, and non-native Trees.
5. Have samples grouped according to the year (such as “old-previous” and “new”). New specimens are those specimens collected during the current 4-H year and cannot be a duplicate tree species of previously displayed specimens. When replacing previously displayed samples, the specimen label must be updated. Replacements do not count as new specimens. Replacements should be displayed in the “old previous” section of the display. If you retrieve information for your forestry exhibit you must include a reference citation to the source.
6. Variations of varieties do not count as different species or specimens

Forestry Collections
Class U2840 — Exhibit a minimum of 10 different leaves from native Kansas trees collected within the year. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

Class U2841 — Exhibit a minimum of 5 native Kansas trees showing leaf, twig and fruit from each species collected.

Class U2482 — Exhibit a minimum of 20 different leaves (including 10 new specimens) from native Kansas trees. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

Class U2843 — Exhibit a minimum of 10 native Kansas trees showing leaf, twig and fruit from each species collected. This exhibit must include 5 new leaf, twig and fruit specimens.

Class U2844 — Exhibit a minimum of 30 different leaves (including 10 new specimens) from native Kansas trees. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

Class U2845 — Exhibit a minimum of 15 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 5 new leaf, twig and fruit specimens.
Class U2846——Exhibit a minimum of 40 different leaves (including 20 new specimens) from native Kansas trees. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

Class U2847——Exhibit a minimum of 20 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 10 new leaf, twig and fruit specimens.

How A Tree Grows
Class U2848——Notebook: Entry may include a project notebook with 10 or more seeds collected with pictures showing a germination study or a mounting of a thin section of wood cut from the end of a log or top of stump labeled with information such as kind of wood and age of tree when cut or exhibits an illustration of how a tree grows.

Tree Appreciation
Class U2849——Display: Notebook: Entry may include a research or reporting project notebook with no more than 10 pages based on the exhibitor’s selected tree. Exhibit must be a different species of tree each year. This notebook may include sketches, drawings, pictures, a story, or any other things which will help tell about the tree you have selected.

DIVISION B – SENIOR FORESTER
Growing and Protecting Trees
Class U2850——Display/Notebook: Entry requires a display, or project notebook, telling about project and pictures before, during, and after planting seedlings, a container tree, or a balled and burlapped tree. Maximum tri-fold size is 3’ x 4’.

Tree Culture
Class U2851——Display/Notebook: Entry requires a display, or project notebook, showing your project work and includes pictures of before, during and after wood lot improvement. Maximum tri-fold size is 3’ x 4’.

How Forests Serve Us
Class U2852——Display: Entry may include collected wood samples (all or partial) and 500 word 2 page essay. Wood sample display to be mounted on poster board or any stiff material no larger than a 3’ x 4’ tri-fold. Essay should be displayed in a covered binder.

Educational/Creative Exhibit
Class U2853——Display: Entry must be directly related to tree identification or Forestry. Type of exhibit is open (notebook, poster, collection box, etc.) given a maximum tri-fold size of 3’ x 4’.

The Reno County Fair Association would like to thank all of the 2021 Fair Sponsors, the parents of the 4-H/FFA members, the Extension staff, and the Kansas State Fair staff for making this year’s fair a great success. A special thanks goes out to all the exhibitors because without your participation it would not be possible.

Have a great fair.
See you next time!
