Comments: Preg checked to calve September 2026 by Dr. David Harder, Prairie Vista Vet Hospital. Potential calving window September – mid-November 2026.

Heifers were Aled to Angus bull FHCC Foundation 1558. Foundation's calving ease EPD is +11 and top 20%. He also ranks in the top 25% for BW, WW, RADG, CEM, DOC, CLAW, CW, MARB, RE, \$F, \$W, \$B, \$G, and \$C.

The heifers were with cleanup bull Roth's Gold K123 from 12/15/25 to 2/17/26. K123 is ½ Simmental ½ Angus and is top 1% calving ease. He also ranks in the top 20% for BW, MCE, CER, and API. We have had 25 calves born from him and have only had one easy calving assistance on a set of backwards fraternal twins.

The heifers' sire Integrity is top 25% for maternal calving ease, and is also in the top 25% for STAY, CER, DOC, MARB, and API.

Comments: Great mothers, had their 2 <sup>nd</sup> calf no problem this year. Very easy-keeping good temperament cows. They are three years old this past February and are out of LD Angus genetics. Have had their yearly shots and SafeGuard dewormer. Calves have been vaccinated. The bull calves have been castrated.					
Seller/Ranch Name: <b>Schrock Angus Farm</b>					

Lot 10	Breed: Angus	Type: <b>12 Yearling Open Heifers</b>
All black yearling open heifers. These were all February – March birthdates. They are good-tempered, profitable females. They are all sired by SAF Angus bulls and have all their shots, including Bangs vaccinated 12/22/25. These have been pelvic measured and tract-scored with successful results.		
Comments: The buyer has the option to take all 12 heifers, or to take a gate cut of 6 heifers, with the remaining heifers sold as a separate lot. The buyer also has the option of getting these heifers AI bred at our facility for an additional \$90/head.

Comments: This bull is a low birthweight, easy fleshing, extremely docile bull that will be great as a heifer bull or a herd bull. His sire, Basin Payweight 1682, was known for making good looking females with great fertility and feed efficiency. This bull will add muscle, thickness, and soundness to your calves while also creating great cows that can stay around and produce for years.

<p>Comments: Full Brother to LR Payweight 39. He is in the top 35% of the breed for both \$W (Weaned Calf Value) and \$F (Feedlot Value). His Feed efficiency is off the charts; he is in the top 2% of the breed for DMI (Dry Matter Intake). Expect lots of growth in his calves using less feed, causing lower feed costs. He also adds fantastic maternal qualities!</p>
